

*Welcome to the first nocodehr newsletter!*

*As we continue to wrap our lives around the new normal and see the world slowly transform into a post COVID 19 era, businesses across the world continue to explore*

*the uncertainty and prepare towards managing future risks and opportunities. The obvious focus is to digitally transform the IT infrastructure and the workforce to reach a stable and competitive future. We are all part of this journey in some form or another. I am a passionate Digital HR transformation professional specialized in Microsoft technologies.*

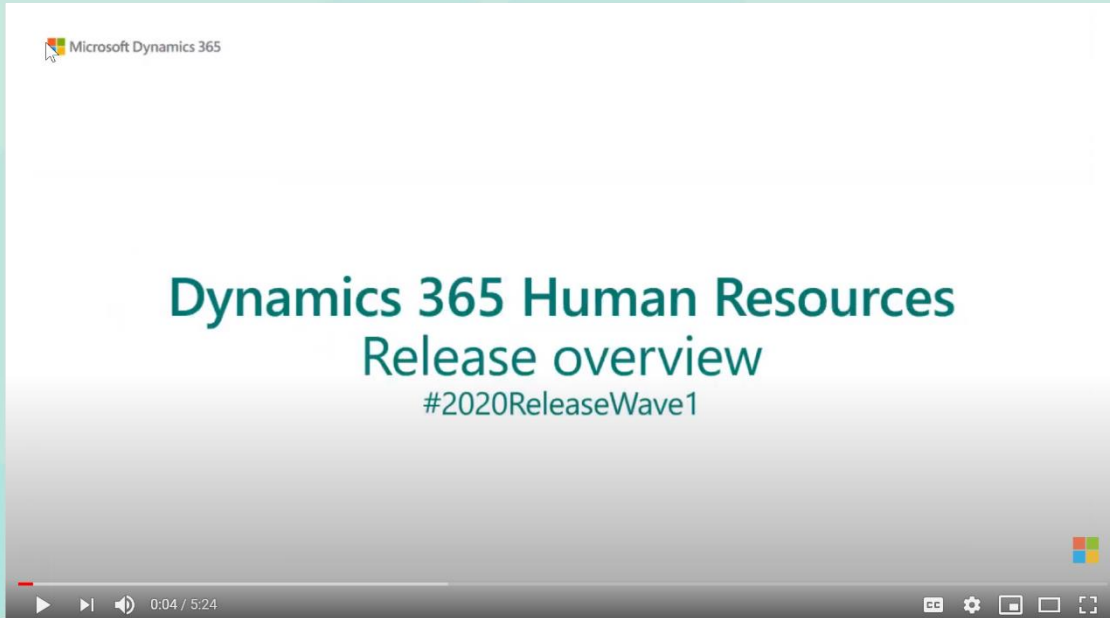

*This monthly nocodehr newsletter will focus on supporting your digital transformation journey by sharing the latest updates related to Digital HR and Dynamics 365 Human Resources from Microsoft and Dynamics 365 community.*

*Stay safe,  
Kamal*

What are latest enhancements of Dynamics 365 Human Resources from Release 2020 wave 1?

What are the planned improvements in Release 2020 wave 2?  
(October 2020 to March 2021)

### Roadmap priorities

#### Transform employee experiences:

To retain top performers by empowering managers and employees with connected self-service experiences that drive engagement and growth.

#### Optimize HR programs:

To reduce operational costs and create people-centric programs for leave and absence, time, and benefits management.

#### Improve organizational agility:

To enable HR to operate with dexterity using the Common Data Service and Power Platform to centralize people data and easily extend the solution.

### Details and timelines

The release plan outlines our commitment to continuously deliver new capabilities and provides early visibility for upcoming release waves. Please [connect with us](#) to learn more.
